

Knockdown Stacking Rack Cabinet *RCSC Series*

Ideal for AV or IT/Server applications, the RCSC Rack Cabinet features a stacking design that allows for up to three (3) cabinets* to be stacked atop each other. This Rack Cabinet is fully loaded and includes two (2) pairs of infinitely adjustable sliding EIA square-hole rails, punch-outs for cable entry and/or fan cooling and comes in a variety of sizes and depths.

The unique stacking feature enables your cabinet space to grow as your needs do
*Stack up-to three (3) 12U, two (2) 24U or one (1) of each cabinet atop each other using the required **RCSCBAY** baying kit. The 12U cabinet is a great starter cabinet for any small to medium sized business.

Features

- Constructed in 16-gauge steel.
- Includes two (2) pair of 19" EIA-310-D compliant square-hole mounting rails with rack unit markings.
- Four (4) embosses are included with support for optional levelling feet or casters.
- Grounding studs provided on body.
- The top and bottom of the RCSC includes two (2) laser knockouts (per side) for cable-entry or fans (includes gasket strip material).
- Includes a laser knockout rear gland plate for floor-level cable entry.
- Finished in rugged black powder paint.
- Ships unassembled in a flat pack container for easy handling and shipping protection.

Specifications

- Mounting rails are infinitely adjustable in depth and are fabricated of heavy duty 14-gauge steel, painted smooth black.
- Optional doors are available in solid, tinted acrylic with venting (see above-left) and high airflow vented.
 - Snap-in hinges can be mounted without having to bolt-on from inside the cabinet. In addition, the hinges can be mounted on the left or right.
- High airflow perforated doors for both front and rear of the cabinet are suggested for most server applications.
 - Perforated doors meet server manufacturer Free-Air-Ratio (FAR) requirements at 63%.
- For 36" depth cabinet side panels include cable entry knockouts.
- Tested to nearly double the suggested load rating of 1,500 lbs (680 kg).
- RoHS Compliant.
- Manufactured in North America.

Вы можете приобрести в компании MosChip.

Для оперативного оформления запроса Вам необходимо перейти по данной ссылке:

<http://moschip.ru/get-element>

Вы можете разместить у нас заказ для любого Вашего проекта, будь то серийное производство или разработка единичного прибора.

В нашем ассортименте представлены ведущие мировые производители активных и пассивных электронных компонентов.

Нашей специализацией является поставка электронной компонентной базы двойного назначения, продукции таких производителей как XILINX, Intel (ex.ALTERA), Vicor, Microchip, Texas Instruments, Analog Devices, Mini-Circuits, Amphenol, Glenair.

Сотрудничество с глобальными дистрибьюторами электронных компонентов, предоставляет возможность заказывать и получать с международных складов практически любой перечень компонентов в оптимальные для Вас сроки.

На всех этапах разработки и производства наши партнеры могут получить квалифицированную поддержку опытных инженеров.

Система менеджмента качества компании отвечает требованиям в соответствии с ГОСТ Р ИСО 9001, ГОСТ РВ 0015-002 и ЭС РД 009
