

Quality Products. Service Excellence.

Heavy Duty Knockdown Steel 2-Post Rack *DNRRHDKB Series*

1,200 lbs|544 kg Weight Capacity

When strength and reliability is the highest priority, be sure to choose the Data/Networking Robust Rack (DNRR) from Hammond Manufacturing. Designed to support your rack mount infrastructure, regardless of the application, the DNRR includes premium features not found on most other racks.

Features:

- Weighing in at just over 75 lbs., the DNRR Heavy Duty Knockdown Series boasts a 10-gauge steel frame which is the thickest steel rack on the market.
- The knockdown self-squaring design takes just minutes to assemble.
- Our automated tapping process provides EIA compliant tapped rails on both the front and back to ensure flexibility when mounting equipment.
 - Includes marked rack unit dividers to aid in equipment mounting.
- When connecting multiple racks together, Hammond provided a 1.25" cable pass-thru. In addition we added numerous tapped and non-tapped holes for mounting power distribution, cable management and other accessories.
- Includes two (2) pairs of integrated 10-32 ground studs, spaced 5/8" apart. Stud pairs are conveniently located across from each other inside the rail channel. For added convenience, a pair is located near the top of the rack, while the other pair is located at the lower side.
- To keep it looking great, the DNRR undergoes a three-stage paint process which includes a coat of premium smooth black powder paint.
- In order to prevent any damage that may occur during transportation, we cover the rails and base of the DNRR with a thick layer of cardboard.
- Tested to nearly double the suggested static load rating of 1,200 lbs (544 kg).
- TAA compliant for GSA Schedule purchases.
- RoHS Compliant.
- Manufactured in North America.

Accessories

- Cable Management
- Hinged Clear Security Cover
- Two Post Mounting Adjustable Shelf
- Two Post Mounting Keyboard & Equipment Shelf
- Adjustable Rack Mount DIN Rail Kit
- Rack and Cabinet Joining Kit
- 10-32 Mounting Hardware
- Rack Panels
- Universal Rack Shelf
- Two Post Centered Shelf
- Two Post Mounting Clamping Shelf
- Rack Unit Label
- Grounding & Bonding
- Outlet Strips

Для оперативного оформления запроса Вам необходимо перейти по данной ссылке:

<http://moschip.ru/get-element>

Вы можете разместить у нас заказ для любого Вашего проекта, будь то серийное производство или разработка единичного прибора.

В нашем ассортименте представлены ведущие мировые производители активных и пассивных электронных компонентов.

Нашей специализацией является поставка электронной компонентной базы двойного назначения, продукции таких производителей как XILINX, Intel (ex.ALTERA), Vicor, Microchip, Texas Instruments, Analog Devices, Mini-Circuits, Amphenol, Glenair.

Сотрудничество с глобальными дистрибьюторами электронных компонентов, предоставляет возможность заказывать и получать с международных складов практически любой перечень компонентов в оптимальные для Вас сроки.

На всех этапах разработки и производства наши партнеры могут получить квалифицированную поддержку опытных инженеров.

Система менеджмента качества компании отвечает требованиям в соответствии с ГОСТ Р ИСО 9001, ГОСТ РВ 0015-002 и ЭС РД 009
