

## Plug-lock Inserts keep C14 power cords solidly connected to C13 outlets, BLACK color, Package of 100

MODEL NUMBER: **PLC13BK**

### Highlights

- PLC13BK Plug-lock inserts keep C14 power cords connected to C13 outlets
- Prevents accidental disconnection of network hardware during routine rack maintenance
- Universal compatibility, no special cables, outlets or special PDU hardware required
- BLACK color inserts ship in packages of 100, more colors available

### Package Includes

- 100 BLACK color C14 plug / C13 outlet compatible Plug-lock inserts

### Description

Tripp Lite PLC13BK BLACK color Plug-lock inserts prevent accidental disconnection of C14 plug-in power cords from C13 output receptacles. IEC 60320 plug-in electrical cords are frequently loose-fitting and are often subject to accidental disconnection during routine network maintenance. To prevent critical equipment plugs from getting knocked loose, place a Plug-lock insert over any C14 input cord and connect it to any C13 outlet. The insert strengthens the connection of the plug to the outlet, keeping critical equipment plugged-in and running during routine rack access and maintenance. Plug-lock inserts provide a no-clutter alternative to common zip-tie cord retention schemes and a low cost answer to expensive proprietary locking plug and outlet hardware. PLC13BK Plug-lock inserts ship in packages of 100.

### Features

- Tripp Lite PLC13BK Plug-lock inserts prevent accidental disconnection of C14 plug-in power cords from C13 outlets
- BLACK color PLC13BK inserts ship in packages of 100 pieces
- Corrects loose-fitting IEC60320 power connections that could lead to accidental disconnection of power cables
- Plug-lock inserts strengthen the connection of your C14 plug-in device to any C13 outlet, keeping vital network equipment plugged in and running during routine rack access and maintenance
- Universal compatibility ensures proper fit and enhanced plug retention when used with any standard C14 plug and C13 outlet combination; no proprietary cables or outlets required
- Simple installation, just place a Plug-lock insert over any C14 equipment power cord and plug it in
- Pull tabs enable safe retraction of the insert from powered C13 outlets
- Plug-lock inserts provide a no-clutter alternative to common zip-tie cord retention schemes and prevents reliance on lesser elegant remedies involving duct tape, electrical tape or super glue
- High strength PA66 nylon UL94 material with V2 flame rating

### Вы можете приобрести в компании MosChip.

Для оперативного оформления запроса Вам необходимо перейти по данной ссылке:

<http://moschip.ru/get-element>

Вы можете разместить у нас заказ для любого Вашего проекта, будь то серийное производство или разработка единичного прибора.

В нашем ассортименте представлены ведущие мировые производители активных и пассивных электронных компонентов.

Нашей специализацией является поставка электронной компонентной базы двойного назначения, продукции таких производителей как XILINX, Intel (ex.ALTERA), Vicor, Microchip, Texas Instruments, Analog Devices, Mini-Circuits, Amphenol, Glenair.

Сотрудничество с глобальными дистрибьюторами электронных компонентов, предоставляет возможность заказывать и получать с международных складов практически любой перечень компонентов в оптимальные для Вас сроки.

На всех этапах разработки и производства наши партнеры могут получить квалифицированную поддержку опытных инженеров.

Система менеджмента качества компании отвечает требованиям в соответствии с ГОСТ Р ИСО 9001, ГОСТ РВ 0015-002 и ЭС РД 009
