Description

The U050-003-COIL USB 2.0 Hi-Speed A to Micro-B Coiled Cable (M/M) connects your computer, laptop or other compatible USB-A device to a high-speed USB Micro-B mobile device. Ideal for charging and syncing smartphones, tablets and digital cameras, this three-foot cable is excellent for multimedia and other high-end applications that require fast, clear transmission free of line noise and other interference.

This cable supports data transfer rates up to 480 Mbps for both low- and high-speed devices. The specially coiled cable takes up much less space than a regular three-foot cable. It also resists tangles and knots, making it convenient to store in your car or carry in your purse, backpack or laptop bag.

Molded nickel-plated connectors ensure excellent conductivity. Integral strain relief ensures the cable and connectors last a long time. A rugged PVC jacket protects twisted 28 AWG data lines and 24 AWG power lines.
