All dimensions are in / mm. Unless otherwise specified, the tolerance on dimensions is $\pm 0.003/0.08$.
 Note: An SMLP package with three terminations sized to fit the pad layout for an SOT-23 package is also available. This package can be used for multiple diode designs (such as common cathode or common anode). Contact factory for the three-terminal SMLP outline drawing, and for further information on the multiple diode configurations.
