### Description

For the battery-intensive mobile devices of today, a standard USB hub is not sufficient for charging. Tripp Lite's U280-010 10-Port USB Charger is the solution, allowing you to charge up to 10 tablets, phones or other mobile devices all at the same time. Up to 5V, 2.4A (12 Watts) of power is provided to each port, perfect for charging the most power hungry devices such as the Apple iPad. With a maximum of 105W, you can provide up to 5V, 2.1A per port simultaneously. So whether you're at home or in the office, you no longer need to go looking for an available outlet or unplug one device to charge the other, the U280-010 provides you with the ports and power you need. Features over-heating, over-current, and over-charging (stops charging when device battery is full) protection. Includes an internal, dual-voltage (100-240V) power supply - no bulky external power supply required.
