

SENSING AND CONTROL

Limit Switch Adapter for Deutsch DT4 Connectors Product Overview

Four-pin conduit adapter

A patent-pending four-pin conduit adapter for limit switches with 20mm thread conduit openings reduces installation time and may be used with any conduit style limit switch.

The new Honeywell limit switch

accessory allows for true plug-and-play installation – no pre-leading is required to add the connector to the switch.

Cost savings can be realized by:

- 1) Reducing installation time;
- 2) Reducing down time when replacing an existing switch in the application; and
- 3) Eliminating parts normally associated with the assembly of a pigtail connector.

Features

The Deutsch connector can be ordered factory installed on a Honeywell MICRO SWITCH™ limit switch (consult factory for style number). The connector is also available in three models.

- Factory installed adapter on a Honeywell MICRO SWITCH™ limit switch (consult factory for style number)
- Adapter kit containing individual parts ready for assembly (GLZ8C-PA)
- Adapter assembly, pre-wired with four lead wires (GLZ8C-DEU)

Potential applications

Cable-to-cable applications under the hood and in the cab of:

- Off-road equipment
- Aerial/Scissor lifts
- Construction equipment
- Agriculture equipment

Warranty/Remedy

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items it finds defective. **The foregoing is buyer's sole remedy and is in lieu of all warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**

While we provide application assistance personally, through our literature and the Honeywell web site, it is up to the customer to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this printing. However, we assume no responsibility for its use.

⚠ WARNING

MISUSE OF DOCUMENTATION

- The information presented in this catalog is for reference only. DO NOT USE this document as a product installation information.
- Complete installation, operation, and maintenance information is provided in the instructions supplied with each product.

Failure to comply with these instructions could result in death or serious injury.

Sales and Service

Honeywell serves its customers through a worldwide network of sales offices, representatives and distributors. For application assistance, current specifications, pricing or name of the nearest Authorized Distributor, contact your local sales office or:

Вы можете приобрести в компании MosChip.

Для оперативного оформления запроса Вам необходимо перейти по данной ссылке:

<http://moschip.ru/get-element>

Вы можете разместить у нас заказ для любого Вашего проекта, будь то серийное производство или разработка единичного прибора.

В нашем ассортименте представлены ведущие мировые производители активных и пассивных электронных компонентов.

Нашей специализацией является поставка электронной компонентной базы двойного назначения, продукции таких производителей как XILINX, Intel (ex.ALTERA), Vicor, Microchip, Texas Instruments, Analog Devices, Mini-Circuits, Amphenol, Glenair.

Сотрудничество с глобальными дистрибьюторами электронных компонентов, предоставляет возможность заказывать и получать с международных складов практически любой перечень компонентов в оптимальные для Вас сроки.

На всех этапах разработки и производства наши партнеры могут получить квалифицированную поддержку опытных инженеров.

Система менеджмента качества компании отвечает требованиям в соответствии с ГОСТ Р ИСО 9001, ГОСТ РВ 0015-002 и ЭС РД 009
