

- Male-to-male is not a standard USB cable configuration. It's used only in rare instances where a peripheral or patch bay employs a female connector instead of a USB-B port.
- Not for use with Tripp Lite's [U325-000-KP-BK](#), [U325-000-KPA-BK](#) or [U325-001-KPA-BK](#). The [U325-003](#) and [U325-006](#) USB A Male/Male cables are designed for use with those products.
- This cable will not connect two PCs. File-sharing between computers requires special software-driven cables, such as Tripp Lite's [U233-006-MP-R](#).

USB 3.0 SuperSpeed A/A Cable (M/M), Black, 3 ft.

MODEL NUMBER: **U320-003-BK**

Description

The U320-003-BK USB 3.0 SuperSpeed A/A Cable (M/M) connects your computer, laptop or other compatible USB 3.0 device, such as Chromebooks and Surface tablets, to a USB-A peripheral or patch bay with a female port. This three-foot cable supports USB 3.0 data transfer rates up to 5 Gbps, which is ten times faster than USB 2.0. Its bi-directional data interface allows data to flow both directions simultaneously, increasing theoretical bandwidth by ten times for efficient power and little wait-time.

Backward compatible with earlier USB generations, the U320-003-BK features premium foil and braid shielding to deliver reliable, error-free signal quality and protection from EMI/RFI interference. Molded nickel-plated connectors with gold-plated copper contacts ensure excellent conductivity. Integral strain relief ensures the cable and connectors last a long time. A rugged PVC jacket protects twisted 28 AWG data lines and 24 AWG power lines.

Features

Connects Your USB Type-A Peripherals to Your Computer

- Recommended for peripherals, patch bays, computers, laptops and other compatible USB 3.0 devices with female connectors
- Supports data transfer rates up to 5 Gbps
- Bi-directional data interface allows data to flow both directions
- Backward compatible with earlier USB generations

First-Rate Construction for Superior Signal Transfer

- Premium foil and braid shielding for EMI/RFI noise protection
- Molded nickel-plated connectors for optimal signal quality
- Integral strain relief for long life

Highlights

- Supports data transfer rates up to 5 Gbps
- Nickel-plated connectors with gold-plated contacts
- Data flows both directions simultaneously
- Twisted 28/24 AWG data/power lines
- Backward compatible with earlier USB generations

System Requirements

- Computer with USB-A female port
- Peripheral or patch bay with USB-A female port

Package Includes

- U320-003-BK USB 3.0 SuperSpeed A/A Cable (M/M)

Tripp Lite

Вы можете приобрести в компании MosChip.

Для оперативного оформления запроса Вам необходимо перейти по данной ссылке:

<http://moschip.ru/get-element>

Вы можете разместить у нас заказ для любого Вашего проекта, будь то серийное производство или разработка единичного прибора.

В нашем ассортименте представлены ведущие мировые производители активных и пассивных электронных компонентов.

Нашей специализацией является поставка электронной компонентной базы двойного назначения, продукции таких производителей как XILINX, Intel (ex.ALTERA), Vicor, Microchip, Texas Instruments, Analog Devices, Mini-Circuits, Amphenol, Glenair.

Сотрудничество с глобальными дистрибьюторами электронных компонентов, предоставляет возможность заказывать и получать с международных складов практически любой перечень компонентов в оптимальные для Вас сроки.

На всех этапах разработки и производства наши партнеры могут получить квалифицированную поддержку опытных инженеров.

Система менеджмента качества компании отвечает требованиям в соответствии с ГОСТ Р ИСО 9001, ГОСТ РВ 0015-002 и ЭС РД 009
